**Landeez All-Terrain Wheelchair**

The Landeez has all-terrain wheels that ride easily over sand, snow, and gravel. Entire frame disassembles in seconds for easy transport and storage. Stainless steel frame is ideal for outdoor use. Both armrests can be raised for easy transfer. Leg rest is adjustable in both length and angle. Front casters allow the Landeez to turn a full 360 degrees for easy operation in narrow hallways and elevators. Tires are extremely rugged and come with a two-year warranty. Chair weighs 37 pounds. Weight capacity exceeds 325 pounds. New options include self-propelled hand cycle system to allow for user to independently propel chair. Additional options include interchangeable street wheels.
